

CONTENTS OF VOLUME 26

JULY, 1920. NUMBER 1	PAGE
RENAL FUNCTION AND THE ASSOCIATED DISTURBANCE IN THE ACID-BASE EQUILIBRIUM OF THE BLOOD IN CERTAIN EXPERIMENTAL AND NATURALLY ACQUIRED NEPHROPATHIES. W. DEB. MACNIDER, M.D., CHAPEL HILL, N. C.	1
HIGH PROTEIN DIETS AND ARTERIOSCLEROSIS IN RABBITS. L. H. NEWBURGH, M.D., AND THEODORE L. SQUIER, M.D., ANN ARBOR, MICH.	38
THE ALKALI RESERVE IN PELLAGRA. M. X. SULLIVAN AND R. E. STANTON, SPARTANBURG, S. C.	41
RECOVERY FROM TUBERCULOUS MENINGITIS AFTER TREATMENT WITH INTRASPINAL INJECTIONS OF ANTIMENINGOCOCCIC SERUM. AUSTIN W. HOLLIS, M.D., AND IRVING H. PARDEE, M.D., NEW YORK.	49
LETHARGIC ENCEPHALITIS: SYMPTOMATOLOGY AND HISTOPATHOLOGY. E. M. HAMMES, M.D., ST. PAUL, AND J. C. MCKINLEY, M.D., MINNEAPOLIS	60
TRENCH FEVER. HOMER F. SWIFT, M.D., NEW YORK.	76
A STUDY OF PHOSPHATE RETENTION FROM THE STANDPOINT OF BLOOD ANALYSIS. W. DENIS, PH.D., AND A. S. MINOT, A.B., NEW YORK.	99
A NEW ELECTRODE FOR USE IN CLINICAL ELECTROCARDIOGRAPHY. ALFRED E. COHN, M.D., NEW YORK.	105
FROZEN SECTIONS FROM A CASE OF PROTRUDING ANEURYSM OF THE ARCH OF THE AORTA. GEORGE WILLIAM NORRIS, A.B., M.D., AND GEORGE FETTEROLF, M.D., S.C.D., PHILADELPHIA.	114
RESULTS OF ANTEMORTEM LUNG PUNCTURES IN LOBAR PNEUMONIA: THEIR BEARING ON THE MECHANISM OF CRISIS. HENRY M. THOMAS, JR., M.D., AND FREDERIC PARKER, JR., M.D., BOSTON.	125

AUGUST, 1920. NUMBER 2

BODY WEIGHT IN TWO HUNDRED AND TWENTY-NINE ADULTS. H. GRAY, M.D., BOSTON, AND J. F. MAYALL, OXFORD, MASS.	133
BUNDLE BRANCH BLOCK AND ARBORIZATION BLOCK. FRANK N. WILSON, M.D., AND GEORGE R. HERRMANN, M.D., ST. LOUIS.	153
SLOW AURICULOVENTRICULAR RHYTHM AND PAROXYSMAL TACHYCARDIA WITH UNUSUAL ABILITY TO INTERRUPT THE FAST RATE. M. H. FUSSELL, M.D., AND C. C. WOLFERTH, M.D., PHILADELPHIA.	192
EXPERIMENTAL OBSERVATIONS ON THE ATYPICAL Q-R-S WAVES OF THE ELECTROCARDIOGRAM OF THE DOG. FRED M. SMITH, M.D., CHICAGO.	205
GASTRIC POLYPOSIS (PAPILLOMATOSIS). REPORT OF A CASE WITH OPERATION AND PRESUMABLE CURE. E. S. DUBRAY, M.D., SAN FRANCISCO.	221
CLINICAL AND ELECTROCARDIOGRAPHIC OBSERVATIONS ON INVERSION AND OTHER ANOMALIES OF THE P WAVE. W. W. HAMBURGER, M.D., CHICAGO	232
AN ELECTROCARDIOGRAPHIC SIGN OF CORONARY ARTERY OBSTRUCTION. HAROLD E. B. PARDEE, M.D., NEW YORK.	244
BOOK REVIEWS	258

SEPTEMBER, 1920. NUMBER 3

CLINICAL AND ANATOMICAL RELATIONS IN CHRONIC NEPHRITIS. ELI MOSCHCOWITZ, M.D., NEW YORK.	259
A CASE OF MASSIVE LIPOMA OF THE MEDIASTINUM. RAYMOND S. LEOPOLD, M.D., PHILADELPHIA	274
NARCOTIC DRUG ADDICTION. I. THE FORMATION OF PROTECTIVE SUBSTANCES AGAINST MORPHIN. EMIL J. PELLINI, M.D., AND ARTHUR D. GREENFIELD, A.B., NEW YORK.	279
THE MARGIN OF SAFETY OF INTRAVENOUS DIGITALIS IN CATS. SAMUEL A. LEVINE, M.D., AND T. DONALD CUNNINGHAM, M.D., BOSTON.	293
THE DIAGNOSIS AND TREATMENT OF HYPERTHYROIDISM. N. W. JANNEY, M.D., AND H. E. HENDERSON, M.D., SANTA BARBARA, CALIF.	297
THE EFFECT OF ETHER ANESTHESIA ON THE ALKALI RESERVE. AN EXPERIMENTAL STUDY. WILLIAM S. CARTER, M.D., GALVESTON, TEXAS.	319
STUDIES ON BLOOD SUGAR—EFFECT OF BLOOD CONSTITUENTS ON PICRATE SOLUTIONS. A CONSIDERATION OF THE LIMITATIONS OF THE MODIFIED LEWIS-BENEDICT TEST. DAVID MURRAY COWIE, M.D., AND JOHN PURL PARSONS, M.D., ANN ARBOR, MICH.	333
PARALYSIS OF THE LEFT RECURRENT LARYNGEAL NERVE ASSOCIATED WITH MITRAL STENOSIS. J. GARLAND, M.D., AND P. D. WHITE, M.D., BOSTON	343
THE BLOOD PICTURE BEFORE AND AFTER GOETSCH EPINEPHRIN TEST. ROSE MARY TROTT, BALTIMORE.	352
THE POSSIBLE PATHOGENICITY OF BACILLUS BOTULINUS. RUTH B. EDMONDSON, L. T. GILTNER AND CHARLES THOM, WASHINGTON, D.C.	357
