

CONTENTS OF VOLUME 37

JANUARY, 1926. NUMBER 1

PAGE

Liver Injury in Thyrotoxicosis as Evidenced by Decreased Functional Efficiency. John B. Youmans, M.D., and Louis M. Warfield, M.D., Ann Arbor, Mich.....	1
Hyperglycemia: II. Physical and Chemical Studies of Human Blood from Cases of Diabetes Mellitus. Lee Foshay, M.D., Cleveland.....	18
The Peculiar Forms of Infection Caused by the Bacillus of Typhoid Fever. Anastasius Landau, M.D., and M. Fejgin, M.D., Warsaw, Poland....	32
The Effect of Heart Muscle Disease on the Electrocardiogram. Arthur W. Master, M.D., and Harold E. B. Pardee, M.D., New York.....	42
A Comparison of Acute Rheumatic and Subacute Bacterial Endocarditis. B. J. Clawson, M.D., and E. T. Bell, M.D., Minneapolis.....	66
Water Metabolism. Edmund Andrews, M.D., Chicago.....	82
Glucose Utilization in Renal Glycosuria. James E. Paullin, M.D., Atlanta, Ga.	88
The Physiology of Synovial Fluid. F. A. Cajori, Ph.D., C. Y. Crouter, M.S., and Ralph Pemberton, M.D., Philadelphia.....	92
Blood Sugar Curves in Epidemic Encephalitis. J. Kasanin, M.D., and G. P. Grabfield, M.D., Boston.....	102
Intestinal Chemistry: III. Salivary Digestion in the Human Stomach and Intestines. Olaf Bergeim, Ph.D., Chicago.....	110
Parallelism in the Treatment of Tuberculosis and Cardiac Disease. Horace John Howk, M.D., Mount McGregor, N. Y.....	118
The Vital Capacities of One Thousand Surgical Patients. Herman J. Moersch, M.D., Rochester, Minn.....	128
The Refractometric and Viscosimetric Indexes of Cerebrospinal Fluid. A. Levinson, M.D., and A. M. Serby, M.D., Chicago.....	144
Book Reviews	151

FEBRUARY, 1926. NUMBER 2

The Relation of Albuminuria to Protein Requirement in Nephritis. John P. Peters, M.D., and Harold A. Bulger, M.D., with the Assistance of Carter Lee and Celia F. Murphy, New Haven, Conn.....	153
Methods and Results of Oxygen Treatment in Pneumonia. Alvan L. Barach, M.D., New York.....	186
Gastric Secretion in Experimental Beriberi in the Dog. Martha Belle Farnum, Chicago	212
The Healing of Gastric Ulcers. Burrill B. Crohn, M.D.; Samuel Weiskopf, M.D., and Paul W. Aschner, M.D., New York.....	217
Acute Mercuric Chloride Poisoning. Lawrence A. Kohn, M.D., Rochester, N. Y.	225
The Inorganic Phosphorus and Calcium of the Blood in Nephritis. Herbert W. Schmitz, M.D., and Edward L. Rohdenburg, B.S., New York, and Victor C. Myers, Ph.D., Iowa City.....	233
Acute Febrile Anemia: A New Disease? I. C. Brill, M.D., Portland, Ore..	244

CONTENTS OF VOLUME 37

	PAGE
Changes in Respiration, in Circulation and in the Coagulation Time of Blood Produced by Sodium Citrate Injections. Minas Joannides, M.D., Chicago	248
Testing of Liver Function: 1. Detoxication by the Liver. Harry Vesell, M.D., and Carl P. Sherwin, M.D., Sc.D., New York.....	257
Paroxysmal Dyspnea as a Symptom of Syphilitic Aortitis. Chester S. Keefer, M.D., and William H. Resnik, M.D., Baltimore.....	264
Evidence of Nervous Control of Leukocytic Activity by the Involuntary Nervous System. Ernst Friederich Mueller, M.D., New York.....	268
Intradermal Salt Solution Test in Cardiac Disease in Children. Harry C. Olmsted, M.D., Seattle.....	281
Excretion of Phenolsulphonphthalein in Obstructive Jaundice, Harold A. Abramson, M.D., New York.....	291

MARCH, 1926. NUMBER 3

Experimental Renal Insufficiency: The Effects of High Protein Diet in the Presence of Low Renal Function on the Kidneys, Aorta and Liver; Changes in the Blood Pressure and Concentration of Blood Metabolites. Hilding Anderson, M.D., Duluth, Minn.	
I. Controls on Normal Diet.....	297
II. Protein Diet Experiments.....	313
Hemochromatosis and Chronic Poisoning with Copper. F. B. Mallory, M.D., Boston	336
Primary Carcinoma of the Liver. Virgil S. Counseller, M.D., and Archibald H. McIndoe, M.B., Ch.B., Rochester, Minn.....	363
The Effect of Liver Damage on Cholecystography in Dogs by the Use of Sodium Tetra-Iodophenolphthalein. B. M. Fried, M.D., and L. R. Whitaker, M.D., Boston.....	388
Carbon Monoxide Poisoning: A Comparison of the Present Methods of Treatment. D. C. Walton, M.D.; W. A. Eldridge, Ph.G.; M. S. Allen, B.S., and M. G. Witherspoon, B.S., Edgewood, Md.....	398
The Enzymic Activity of the Duodenal Contents Following the Ingestion of Pancreatin. A. H. Aaron, M.D.; J. V. Wadsworth, M.D., and H. C. Schneider, M.D., Buffalo, N. Y.....	408
The Relation of Thrombocytes to Hemorrhagic Diathesis. I. W. Held, M.D., New York	414
The Value of a Starch-Iodin Reaction as a Test of Pancreatic Function. George Morris Piersol, M.D.; H. L. Bockus, M.D., and Harry Shay, M.D., Philadelphia.....	431
Some Metabolic Aspects of Calcium Therapy. A. P. Briggs, M.D., St. Louis.....	440
Effects of Intravenous Injections of Acriflavine in Sepsis. C. F. Tenney, M.D., and Joseph Lintz, M.D., New York.....	445
Book Reviews	451

APRIL, 1926. NUMBER 4

The Mechanism of Cancer Metastasis. Montrose T. Burrows, M.D., St. Louis	453
Chronic and Acute Arteritis of the Pulmonary Artery and of the Patent Ductus Arteriosus. Karl Schlaepfer, M.D., Milwaukee.....	473
The Possible Relationship Between Acromegaly and Diabetes, with Report of Three Cases. Henry J. John, M.D., Cleveland.....	489
