Endemic Infectious Hepatitis in an Infants' Orphanage: II. Epidemiologic Studies in Infants and Small Children. Alfred M. Bennett, M.D.; Richard B. Capps, M.D., Chicago; Myles E. Drake, M.D., Philadelphia; Richard H. Ettinger, M.D.; Elizabeth H. Mills, M.S., Chicago, and Joseph Stokes Jr., M.D., Philadelphia.....	37
Essential Thrombophilia. Raymond W. Monto, M.D.; Walter D. Griest, M.D., and D. Emerick Szilagyi, M.D., Detroit.....	54
Results of Cortisone-Corticotropin Therapy in Chronic Active Rheumatic Fever. Dennison Young, M.D., and Manuel Rodstein, M.D., New York.....	64
Case Reports:	
Chromobacterial Infection in Man. Russel H. Patterson Jr.; George B. Banister, M.D., and Vernon Knight, M.D., New York.....	79
Familial Chronic Lymphatic Leukemia. Emmett B. Reilly, M.D.; Samuel I. Rapaport, M.D.; Norman W. Karr, M.D.; Harold Mills, M.D., and Gurth E. Carpenter, M.D., Long Beach, Calif.....	87
Use of Quinidine Sulfate and of Procaine Amide in a Patient with Paroxysmal Ventricular Tachycardia. Robert A. Chapman, M.D., Chicago.....	90
Progress in Internal Medicine:	
Allergy—Corticotropin and Cortisone: A Review of the Literature from September, 1950, to January, 1952. Richard R. Evans, M.D., and Francis M. Rackemann, M.D., Boston .....	96
News and Comment.....	128
Books .....	129

## AUGUST 1952. NUMBER 2

Editorials:	
Vectorcardiography .....	137
The Liver in Obesity. Samuel Zelman, M.D., Topeka, Kan.....	141
Primary Pulmonary Arteriosclerosis. Lieutenant Colonel Loren F. Parmley Jr., Medical Corps, United States Army, and Francis S. Jones, M.D., Madison, Wis.....	157
Outpatient Treatment of Congestive Heart Failure with Sodium-Removing Exchange Resins. Robert S. Aaron, M.D., and Raymond E. Weston, M.D., Ph.D., New York..	182
Complications in the Use of Esophageal Compression Balloons (Sengstaken Tube). Hugh D. Bennett, M.D.; Lester Baker, M.D., and Lyle A. Baker, M.D., Hines, Ill.....	196
Virus Influenza A' Infection with Pulmonary Manifestations. Lieutenant Jordan M. Scher (MCR), U. S. N. R., and Commander Edward Jaruszewski (MC), U. S. N.....	201
Mumps Arthritis. Emanuel Appelbaum, M.D.; Jerome Kohn, M.D.; Ruth E. Steinman, M.D., and Martin A. Shearn, M.D., New York.....	217

## AUGUST—Continued

	PAGE
A Clinical Study of Gitalin. Milton R. Hejtmanick, M.D., and George R. Herrmann, M.D., Galveston, Texas .....	224
Tendency Toward Hypotension in Left Lateral Recumbency. Paul Stein, M.D., New York	234
Case Reports:	
Werner's Syndrome. Harry Boatwright, M.D.; Clayton E. Wheeler, M.D., and Edward P. Cawley, M.D., Charlottesville, Va.....	243
Acute Staphylococccic Lung Abscess Cured with Aid of Bacitracin. Richard Charet, M.D., and Irving Siegel, M.D., Brooklyn.....	250
Escherichia Coli Endocarditis: Report of a Case Presenting a Difficult Problem in Chemotherapy. Charles M. Ross, M.D.; James D. Wheeler, M.D., and Paul O. Hagemann, M.D., St. Louis.....	258
Coarctation of the Aorta: Rupture Through a "Jet Lesion" Distal to the Point of Coarctation. Samuel Bellet, M.D., and David Gelfand, M.D., Philadelphia.....	266
Progress in Internal Medicine:	
Present Concepts and Recent Advances in Acute Poliomyelitis. John R. Paul, M.D., New Haven, Conn.....	271
Books .....	280

## SEPTEMBER 1952. NUMBER 3

Editorials:	
Untoward Effects on the Stomach of Corticotropin and Cortisone.....	281
Peripheral Vascular Murmurs: Mechanism of Production and Diagnostic Significance. Edward A. Edwards, M.D., and Harold D. Levine, M.D., Boston.....	284
Antibiotic Synergism and Antagonism: Review of Experimental Evidence. Ernest Jawetz, M.D., Ph.D., San Francisco.....	301
Erythema Multiforme Exudativum: Study of Fifteen Cases. Bennett W. Billow, M.D., and Harry J. Lowen, M.D., New York.....	310
Paroxysmal Ventricular Fibrillation Producing Adams-Stokes Syndrome: Report of Case with Review of Literature. Elmer S. Robertson, M.D., and Emmett C. Mathews, M.D., Richmond, Va.....	320
Genetic Studies on Coronary Atherosclerosis Developing After the Age of Sixty Years. Ernst P. Boas, M.D., and David Adlersberg, M.D., New York.....	347
Role of the Central Nervous System in Metabolism of Electrolytes and Water. L. G. Welt, M.D., Chapel Hill, N. C.; D. W. Seldin, M.D., Dallas, Texas; W. P. Nelson III, M.D., Albany, N. Y.; W. J. German, M.D., and J. P. Peters, M.D., New Haven, Conn.....	355
Treatment of Polycythemia Vera with Triethylene Melamine: Summary of Thirty Cases. Nathan Rosenthal, M.D., and Robert L. Rosenthal, M.D., New York.....	379
Mandibular Joint Neuralgia (Costen's Syndrome). Milton R. Beyers, M.D., and Samuel Teich, M.D., Huntington Station, N. Y.....	389
Case Reports:	
Use of Electroconvulsive Therapy in a Case of Addison's Disease. Wallis L. Craddock, M.D., Salt Lake City, and Nicholas H. Zeller, M.D., St. Louis.....	392
Obscure Fever Caused by Carcinoma of the Kidney: A Possible Explanation for the Difficulties in Diagnosis. David Greenberg, M.D.; Charles Ney, M.D., and Joseph S. Feibush, M.D., New York.....	395
Gangrene of an Extremity Secondary to Venous Thrombosis. Alfred Ebel, M.D.; Mavis Kaufman, M.D., and Theodore Ehrenreich, M.D., Bronx, N. Y.....	402
Progress in Internal Medicine:	
Review of Neuropsychiatry for 1951. Stanley Cobb, M.D., Boston.....	410
News and Comment.....	422
Books .....	422
